David Shrigley: Life and Life Drawing

NGV INTERNATIONAL

14 NOV 2014 – 1 MAR 2015

Ground Level

David Shrigley: Life and Life Drawing is a comprehensive exhibition of the internationally renowned Glasgow based artist. Shrigley is perhaps best known for his stripped back, darkly humorous and deliberately crude drawings that explore existential dramas, human dysfunction and anxiety.

The exhibition encompasses paintings, drawings, sculpture, animated videos, artist books and a major new commission for the NGV International forecourt. The artist's omnipresent sense of humour lies at the heart of these works, which are manifest in one liners and tragicomic narratives that reflect on the banality and absurdity of everyday life and objects.
