The annual StArt Up: Top Arts 2016 exhibition presents outstanding work completed by student artists as part of their assessment for VCE Art and Studio Arts. VCE Art requires students to complete a body of work including at least two finished artworks, that demonstrates creativity and imagination, the evolution of ideas and the realisation of appropriate concepts, knowledge and skills. VCE Studio Arts requires students to complete an exploration proposal and a design process that includes investigation of potential directions and the production of a cohesive folio of finished artworks. This exhibition highlights the NGV’s strong commitment to contemporary art and arts education, and showcases the ideas and attitudes of young people through works in a diversity of media including painting, drawing, sculpture, multimedia and installation.
