DIRECTOR'S MESSAGE

The National Gallery of Victoria was established in 1861 and is the oldest and most visited public art museum in Australia. Welcoming over 2.8 million visitors in 2016, it is a destination for art and culture that is loved and respected by the local community and visitors from around the world.

With more than 75,000 works of art, the NGV is home to the most significant collection of Australian and international art in the Asia Pacific region. This remarkable cultural legacy continues to develop through the generous support of the philanthropic community and the corporate sector.

Since its formative years, the NGV has maintained a strong focus on developing its Asian, Australian and European collections that are acclaimed internationally and rival many of our counterparts in the northern hemisphere. However, the work of artists based in the USA has long been identified as a critical area for development.

The American Fund for the NGV has been established to build a leading collection that will celebrate the immense contribution made by the USA to art history, design and the world around us today. It presents an extraordinary opportunity to commission American artists and acquire bold and ambitious works of art and design. The fund will also support groundbreaking collaborations with artists and institutions to present inspiring exhibitions and programs that extend the artist's practice and place them in a broader global context.

You can play a transformative role in the development of the NGV Collection, our exhibitions and programming. We invite you to make an annual donation to the American Fund for the NGV and provide crucial support to enrich the experience of millions of visitors each year.

AMERICAN FUND FOR THE NGV

To build a truly representative collection of American art, the NGV has established the American Fund for the NGV. The fund aims to secure the support of donors who understand the critical importance of presenting the work of artists born or living in the United States and also the development of exciting collaborations for exhibitions and programs. We invite you to make a contribution that will transform the NGV Collection and our dialogue with the USA forever.

We invite tax-advantaged annual donations of US\$2500 and above.

GIFTING WORKS OF ART

Donating a work of art can transform the NGV's holdings and enrich the experience of our visitors every day. With an encyclopedic collection, the NGV represents a great wealth of cultures from around the world but we are keen to continue to strengthen the collection in a number of strategic ways.

For more information about gifting a work of art, please contact the NGV Foundation.

Donors to the American Fund for the NGV will become part of the NGV American Friends group and will:

- help grow and strengthen the NGV's collection of American art;
- be invited to the annual American Friends reception and events throughout the year;
- join an exclusive group of passionate supporters with a strong connection to the NGV;
- be kept at the forefront of NGV acquisition and exhibition developments;
- stay up to date through the NGV member's magazine and a range of NGV communications.

CAF AMERICA

There are a number of ways that you can contribute to the American Fund for the NGV through CAF America.

The NGV is working with CAF America to provide US based donors the capacity to make tax-advantaged gifts to the American Art Fund for the NGV. As a US 501(c)(3) public charity, CAF America is able to accept funds on behalf of the NGV.
