In the final areas of the exhibition, coffins and objects from tombs are on display. No human remains are present.

The exhibition is appropriate for all ages.

EXHIBITION LAYOUT AND NAVIGATION

With over 500 objects on display, *Pharaoh* is a large exhibition that covers most of the ground floor of NGV International.

It is split into two parts: Part One and Part Two. Part One is on your right as you enter from the Waterwall entrance on St Kilda Road. The entrance to Part One is near the Members Lounge. The entrance to Part Two is next to the Gallery Kitchen cafe. See on page 10 the sensory map for more information.

You can take a break in between the two parts of the exhibition and relax in the Great Hall or Gallery Kitchen cafe. We recommend that you enter Part Two by 4pm, to allow yourself an hour to see it before the Gallery closes at 5pm.

The exhibition follows a set path. If you need assistance exiting quickly, please see a security team member.

GREAT HALL PROGRAM

Live music performances take place at 7pm 8pm and 9pm in the Great Hall, with background music playing in between.

We recommend you factor in 2 hours to view the exhibition. You can come and go from the exhibition as you like throughout the night.

GREAT HALL SENSORY ENVIRONMENT

There are low light levels in the Great Hall, with the stage and bars lit up. Haze effects are used and the music levels are fairly loud. No strobing is used.

Above the stage, projections play on the bluestone wall. These show slow-moving abstract patterns inspired by the geometric lines and angles of ancient Egypt, and the duration of a day with the sun rising and setting.

If you are needing a lower-sensory area, we recommend the area next to Gallery Kitchen cafe in front of the lift.

SEATING

A mix of seating are available in front of the stage, including stools, ottomans, cushions and beanbags on the floor. Ask one of our friendly staff members if you require a seat with a back. Lightweight fold-out stools are available to take into the exhibition spaces.

FOOD AND BEVERAGES

Hot food can be purchased at any bar, and you will be given a buzzer to collect the food when ready from the Great Hall. Alcoholic and non-alcoholic drinks are available for purchase.

Free water stations are available in Gallery Kitchen cafe (under the escalators) and at the Yering Bar in the Great Hall.

Please note that food and drinks can't be taken into the exhibition spaces.

FACILITIES

Facilities include a free cloak room and a parents' lounge. Accessible and gender neutral bathrooms are available.

EXHIBITION SENSORY ENVIRONMENT

The *Pharaoh* exhibition presents an immersive experience using mirrors, sound and lighting effects including:

- soundtracks that play throughout all spaces at a fairly high volume
- lighting effects, including brighter and darker spaces and moving lights
- large LED screens displaying atmospheric moving images
- some video content with dialogue, which is captioned.

Gallery spaces are air-conditioned and are between 20 and 24 degrees Celsius.

The sensory map on the following page shows the locations of audio-visual content, sensory elements and seating, and can help you prepare for your visit.
