

MAKE A MASK

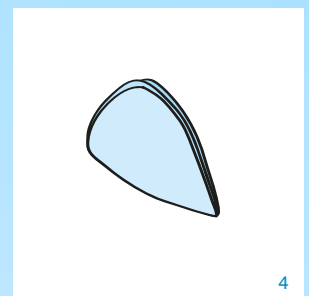

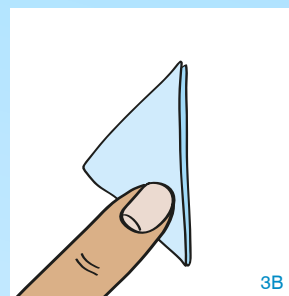

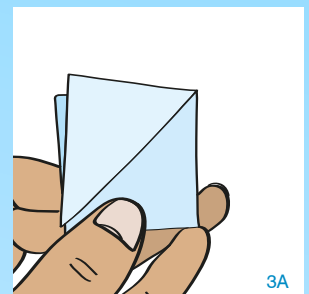

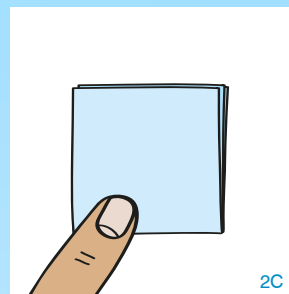

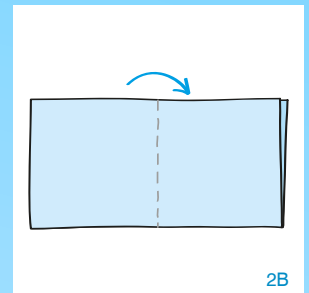

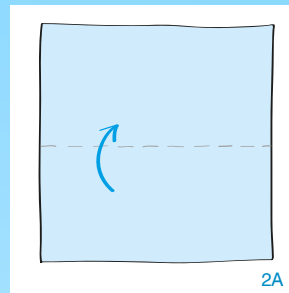

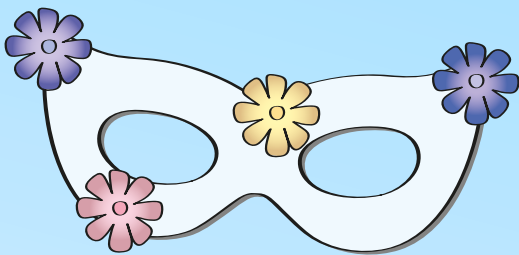

WINTER STYLING STATION

From adorning celebrated heroes and villains to festive performers and historical figures, masks can transform a look by expressing a character, emotion, purpose or idea.

Draw inspiration from our winter-themed Art Party and create a mask to embellish your outfit. Try some of the techniques below to elevate your outfit.

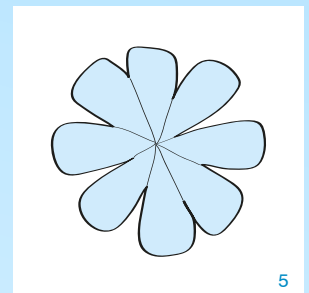

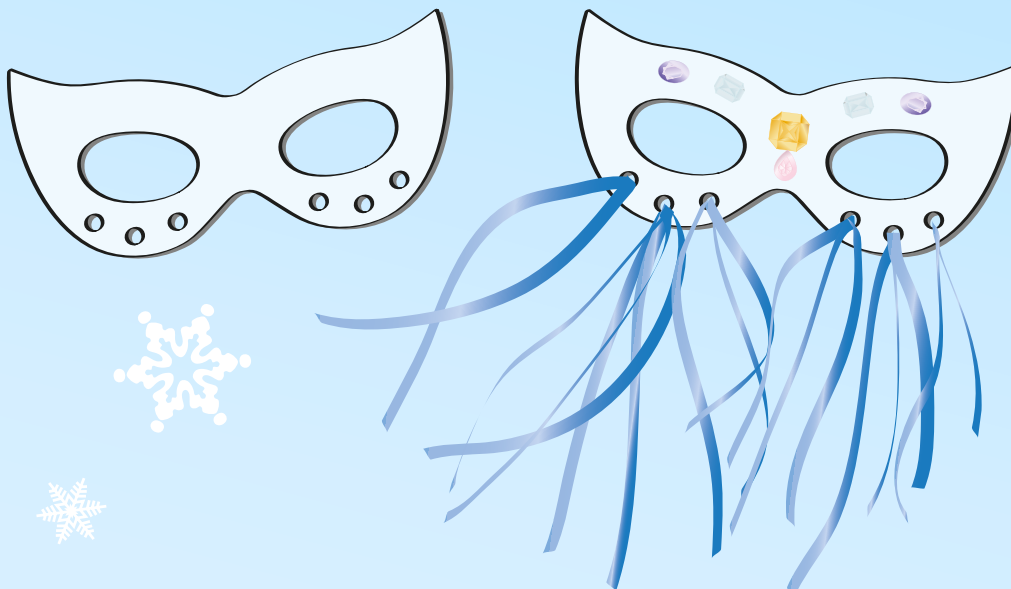

WINTER FLOWERS

- 1 Cut out a square piece of card.
- 2 Fold it in half, then in half again.
- 3 Fold along the diagonal to make a triangle.
- 4 Cut out a teardrop shape from the top of the folded triangle to make the petals.
- 5 Open to reveal your flower. You can cut along the fold lines to create movement.
- 6 Attach the flower to your mask using a paper fastener.

FRINGE

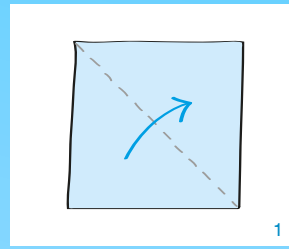

- 1 Use a hole puncher to add six holes to your mask.
- 2 Thread ribbon or yarn through the holes to add a fringe effect to your mask.

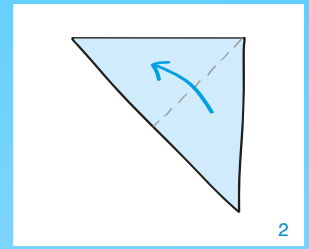

SNOWFLAKES

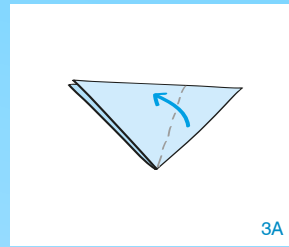

- 1 Fold a square piece of paper diagonally to make a triangle.
- 2 Fold in half again to make a smaller triangle.
- 3 Fold this smaller triangle into thirds by folding one point towards the middle, then fold the other point over the top.
- 4 Cut off the pointed ends so you are left with a small triangle.
- 5 Cut a snowflake pattern into the sides of the triangle.
- 6 Glue your snowflake to your mask.

LACE

- 1 Create a lace effect using a doily. Cut your doily into your desired shape. This will sit over the top of your mask.
- 2 Use glue to attach the doily to your mask.
