

LET'S DRIVE WITH BUSHRA HASAN

Many rickshaw drivers are very proud of their vehicles. They decorate them with bright colours and fun designs to stand out amongst the busy cities of India.

A rickshaw is a small, three wheeled moto taxi.

As a child, artist Bushra Hasan enjoyed sitting in the back of a rickshaw and driving around her home city of Lucknow, in northern India. She loved to pick the most colourful rickshaw to ride in, then spotting bustling markets, magnificent buildings and vibrant food stalls.

Draw your family inside Bushra's rickshaw and decorate it with colour and patterns.
